

ChromaPhonics

If you love interactive light & sound environments then look no further!!
The **ChromaPhonic** environment contains light boxes, drums, and iPads.

ChromaPhonics involves

1. changing the motion of lights
2. using iPads to to change light colours and intensities
3. playing a unique light & sound vowel game (for 4-5yrs)
4. writing secret messages and exposing them using UV light

ChromaPhonics is the perfect bridge between light, sound, movement, and language.
